Finance Factors signs on to cool its offices with seawater

Finance Factors is the newest customer to sign on with Honolulu Seawater Air Conditioning LLC to cool its downtown offices.

Honolulu Seawater Air Conditioning previously signed on First Hawaiian Bank, Hawaiian Electric Co.'s downtown building, and One Waterfront Towers in Kakaako as customers.

Finance Factors CEO Russell Lau said the company is looking forward to reducing its cooling costs and its environmental footprint.

Construction work for the Honolulu Seawater AC project is expected to start this fall.
