Honolulu Seawater Air Conditioning LLC has chosen **dck pacific construction** LLC to build its cooling station behind the former Gold Bond Building in Kakaako, which will supply commercial and residential buildings in downtown Honolulu with chilled seawater.

"We are proud to have such an accomplished group as dck pacific — whose reputation and experience in the industry is unsurpassed — as a part of our team, and we look forward to beginning construction of this renewable energy project," Honolulu Seawater Air Conditioning CEO [Eric Masutomi](#) said in a statement.

The Honolulu Seawater Air Conditioning project is expected to generate \$250 million in construction spending. Construction on the project is expected to start in the second half of this year.
